COMMENTS

Persistent rain on Thursday and a huge dump of rain on Sunday wrapped around two mild days Friday and Saturday, did not dampen the enthusiasm of competitors appreciating the first dog trial to be held in the King Country since Covid arrived. Very heavy entries were received so locals were brought forward to Thursday with some spillover on Sunday before the runoff.

The consistent liberation and quality of the sheep gave all competitors an opportunity to perform well and work of high quality was displayed. Thankyou TUX, Management and staff of the Taringamotu Otamakahi Trust Farm, the Hepi family for superb catering and all of our phenomenal workers.
