Comment: This year the Cambridge trial was held over a Sunday and Monday which proved to be hugely popular. The competitors came from all over the North Island, and all competed with great sportsmanship despite some very changeable weather on Monday. Many thanks go to everyone who made the event possible in particular to the Oliver and Stawbridge families who's diverse talents ensured there were good

sheep, excellent food, a solidly constructed course, and a very smoothly run event. Thanks also to The Gibson and Voyle families of Paulton Farm for the use of their sheep for the Hunts, and to all the other people who scribed, liberated, and volunteered in so many ways.
