Rules Added/Changed at Annual General Meeting 20th May 2020:

Page 65 – TUX Handy Dog **New Rules**

16. A competitor can have a maximum of two dogs at the semi-final or New Zealand final. Should a competitor qualify more than two dogs for the semi-final and either qualified dog becomes injured or comes into season, that dog can be replaced by the next qualified dog. If this scenario happens a **vet certificate must be produced giving the reason for the change of dog and the next qualified dog to be notified immediately.**
17. Three open dogs plus one maiden competitor from each Island to go the New Zealand final to be held at an appointed venue each year.

Page 68 – TUX Yarding Challenge **Additon to Rule 5**

5. Competitor must walk through obstacle one (the gap), two (the bridge) and three (the tee). At the second obstacle (the bridge), competitor may clear sheep of the bridge either by walking onto bridge or walking alongside the bridge. **If the competitor and dog walk down the same side of the bridge and then one or the other cross in front of the bridge, it is deemed to be crossing on the drive and will be under penalty.** If sheep touch with stick during run competitor **will** be penalized. The bridge and the U may be headed without penalty.

Rules Added/Changed at Annual General Meeting 19th May 2021:

TUX Yarding Challenge & Handy Dog **New Rule**

At an Island final, if the reserve judge is called upon to judge and does so, and has already qualifies a dog to run in that Island run-off, they become eligible to compete in the regional competition in the other Island hosting the New Zealand run-off. If fortunate wnough to qualify there, they may go onto that Island and New Zealand run-off.
