Comments; A good weekend at Ashburton Show, although the weather was chilly most of the time there apart from an afternoon of some hot sunshine. Thanks goes to the Ashburton A&P Show Committee for making the decision to allow dog trials to continue under Covid conditions. Thanks also goes to the number of local sponsors that continue to support the committee under trying pandemic times. Big thank you as always to Aaron Apii aka Raro for his presence both days representing our major sponsor Purina Tux. The wether hoggets supplied by Mark and Robyn Copland were mostly good to handle, but if you annoyed them, they took no prisoners. Great to see competitors travelling from top to bottom of the South Island with an outstanding number of entries turn up over the two days. Thanks, Eion and Mandy Herbert for judging and clerking over two big days. Cheers to the King family and the number of volunteers for making everything work. Congratulations to those competitors that have qualified
