It was a very well deserved 'double' for Duncan Gilligan in the handy dog event! Duncan does a powerload of work in this event so to see him take out the two qualifying places brought a smile to many faces (even Duncans). Also well-deserved was the Maiden win for Angela Elliott and Mita. Angela has been there to set up and take down the course for several years now as part of Colin's team of helpers. Making his handy dog debut was Northland President Shaun Haynes and his beardie Bruce who came second in the Maiden class.

Many thanks to the competitors who were able to attend, to those who helped pre-work the sheep and run the course and to Colin Jay for the countless hours (and miles) that he has put in. Also thanks to the judge, to Pamu for the use of the sheep and to Mangonui Haulage. Another big shout out to Tux for their on-going support. Tux representatives weren't able to attend due to the Te Hana border restrictions.

Lets all hope that some form of normal life can resume soon and we can welcome all our 'regulars' back north next year.
