Comments; The Waikato Centre held a very successful 4 day event. The weather was very hot and fine with some wind on Thursday causing some dust which made some dust. The sheep were consistent over the 4 days although a bit free on Thursday. We had good entries in all 3 events and good feed back on our new Trans-Tasman course which gave all dogs a good chance. The finals all went well with excellent work from the top dog's congratulations to all the winners. Many thanks to the judges and their scribes. Thanks to Pamu and Aratiatia Station for letting us have the use of the station over that week also Rangitaiki Station for their sheep. Convenor Dave Schaw and all his helpers many thanks
